

# ROLL SIX game!

Materials:

1 piece of paper per student

1 dice per pair of people

Procedure:

Roll to see who has control of the pencil first (student A). Student A begins working on the answers while the other (student B) rolls. When student B rolls a six, they steal the pencil from Student A. Student B begins writing the answers, and Student A rolls until they get a 6 and can steal the pencil back. Play continues until one student has filled in all the answers on the sheet.
